3. 1451 N. Gardner Street

The Electric Owl restaurant is on this site. On June 5, 2018, the City's Planning Department held a public hearing to consider confirming the original conditional use permit to allow the sale of a full line of alcoholic beverages for on-site consumption. The Zoning Administrator conducting the hearing left the case file open so that the restaurant could come back to HHWNC to address whether the restaurant was providing enough food options at lunch and happy hour time periods. This issue had been raised at the HHWNC PLUM Committee's meeting on March 1, 2018, but the restaurant's representative had not followed up with the committee prior to the department's hearing.

Matthew Hayden, the restaurant's representative will be leading a presentation with regard to the open issue at the meeting.

The Planning Department's case no. is ZA-2012-2019-CUB-CU-PA1. The CA CEQA no. is ENV-2018-374-CE.

4. 7220 W. Sunset Blvd.

Per the request of Barbara Witkin, our HHWNC Area 7 Chair, we've asked the Domino's Pizza operator(s) to discuss (i) whether they've obtained a change of use approval and certificate of occupancy for their business at this site, and (ii) their pending request to the City's Planning Department to ask the department to approve extended operating hours beyond those hours otherwise allowed under the City's commercial corner regulation(s). Domino's proposed hours of operation would be from 10 a.m. to 12 midnight on Sundays through Thursdays, and to 1 a.m. on Fridays and Saturdays.

The pizzeria provides take out and deliveries. There is no on-site dining.

The Planning Department case no. is ZA 2018-846-CU. No hearing date has yet been set.

Dave Fluker, Domino's representative, will be responding on Domino's behalf.

5. 8000 W. Sunset Blvd.

Rock N Roll Sushi restaurant has applied to the City's Planning Department to renew its Type 47 conditional use permit to sell a full line of alcoholic beverages for on-site consumption in connection with its restaurant's operations. The existing restaurant is 3,903 square feet with 128 interior seats and a 575 square foot outdoor patio with 40 seats. The proposed hours of operation would continue to be 4 p.m. to 2 a.m. daily.

The Planning Department's case no. is ZA-2018-0681-CUB. The CA CEQA no. is ENV-2018-0682-CE.

The Planning Department held a public hearing on the application on June 20, 2018. HHWNC's PLUM Committee will consider whether (or not) to recommend to HHWNC's Board that HHWNC support the restaurant's application to renew its conditional use permit.

Tucker Franz and Alex Woo from Genesis Consulting, who represent the restaurant, have been invited to do so at this meeting.

6. 3780 Cahuenga Blvd.

First Element Fuel, Inc. has applied to the City's Planning Department for approval to add a hydrogen refueling dispenser along with supporting hydrogen equipment to the existing Chevron gas station, which is owned by G & W Ventures. Inc.

The Planning Department's case no. is DIR-2018-2994.

Tim Brown, First Element's chief operating officer, and Jackie Muhich from I&D Consulting, which represents First Elements, are expected to present the proposed project. No hearing date has yet been set.

7. 6815 W. Hollywood Blvd.

The Brewery Dudes craft brewery and pizza restaurant is coming back to HHWNC with a request for support to build a larger restaurant by adding 2,430 square feet on the roof of the two buildings (and already 7,850 square feet of space) which the restaurant will occupy. The restaurant is still under construction.

Last year, Elizabeth Peterson and Nick Leathers shepherded The Brewery Dudes' application to the City (and HHWNC) for a conditional use permit to allow the sale of beer and wine for on and off-site consumption in connection with a restaurant, bowling alley and second floor dining patio. The Planning Department approved the application. Under that approval, the restaurant's first floor would provide 124 indoor seats, including 26 bar seats. The second floor patio would have 95 outdoor seats on the site's east building. The second floor patio's site will be just to the south of the Korean affordable senior citizens' apartment building, which is entered from Whitley Avenue. The Planning Department's case no. for the previous case is ZA-2017-474-CUB-ZV.

The new application asks the City's Planning Department to approve (i) a change of use for the second floor from office space to allow for the restaurant's operation there, and (ii) to

add an additional 89 seats and another kitchen on the second floor's rooftop area to the west of where the outdoor dining patio will be.

The 95 seats in the outdoor patio area would be in addition to this application's proposal for 89 new seats inside in the new second floor restaurant space which would be built, which would bring the total second floor seating to 159. The restaurant's seating total would go from 219 under last year's Planning Department approval letter, which is dated July 5, 2017, to 308 seats if the City were to approve the new application's proposed expansion.

Nick Leathers of The Elizabeth Peterson Group has been invited to present the new additional phase of The Brewery Dudes restaurant project.

The Planning Department opened a new case no. for considering this application's proposed expansion, which is ZA-2018-2748-CUB.

8. Public comments on non-agendized items.

9. Adjournment.
