

Do You Think Runyon Canyon Park Could be Better?

Do you have concerns about parking, traffic, trash, park maintenance or other issues that you'd like to see the city address?

Councilmember David Ryu (CD4) has initiated a study by Dixon Resources Unlimited to improve access, mobility and other issues in and around the park.

Please join us for a report of initial recommendations and strategies to community by Dixon Resources on their 2018 Runyon Park Traffic Study at HHWNC's Parks & Open Space / Transportation / Area 6 Committee meeting.

Initial Recommendations Report on the 2018 Dixon Study of Runyon Canyon Park

Parks & Open Space / Transportation / Area 6 Committee Meeting

Monday, May 20, 2019
