PLANNING AND LAND USE MANAGEMENT (PLUM)

The PLUM section of the HHWNC Board Notebook holds a minimal reference section. If you have questions regarding PLUM, please talk with the PLUM Chair, members of the PLUM committee, the Executive Board members or long standing Area Chairs. The Planning Department's contact information is in the contact section at the end of the Binder. An electronic copy of the Guide to Using ZIMAS is provided. However, it is too large a document for the hard copy binder and should be accessed online. An online mapping system that displays the zoning information of parcels within the City of Los Angeles. Parcels may be searched and identified by address, legal description, street intersection, or assessor's parcel number. ZIMAS can be used to find, property lines, zoning, land use, assessed land value, case numbers and more. ZIMAS will let you know all the planning case numbers, jurisdictions and City overlays that a parcel has attached to it.

PLANNING AND LAND USE MANAGEMENT (PLUM)

The neighborhood council's PLUM Committee and full Board often are asked to, or want to, weigh in on proposed laws and regulations. The Hollywood Community Plan update, the SE Valley Community Plan update, the valet parking ordinance, the small lot subdivision ordinance, the party house ordinance, street vending ordinances, short term rental ordinances and regulations, ReCode LA and the Processes and Procedures Proposed Ordinance, etc.

The PLUM committee and Board also discuss State and County legislative issues when warranted, and is in contact with County and State representatives.

All this to say, when it comes to Planning and Land Use Management (PLUM), there are many pieces that have to be considered when an application is presented to the Board. Common sense advice for the reader is that applications, proposed law changes, and other cases should impel our board members to try to think through what is involved, and that it can be like a jigsaw puzzle to figure out all the pieces.....or as many as we can. Often, it can be a highly collaborative process to figure out what is involved, what the facts are, and what we would recommend should be done. There are many references in the PLUM Section to help in discussions.

As a Board member, you should already be receiving the "Planning Bi-Weekly Case" notifications via your Board member email which lists the applications sorted by Neighborhood Council.

If you aren't receiving the notifications, you can sign up it and several other notifications from the City by visiting the Self Serve section of the Department of Neighborhood Empowerment: http://www.eompowerla.org/self-serve/. Scroll down the page to find "Early Notification Subscriptions" and click on the words to open a drop down menu where you can select the notifications you would like to receive.

Land Use (Entitlement) Permit Process

Keep in mind that these are simplified versions aimed at providing the user with a general understanding of the planning process and do not contain all the steps involved nor do they provide detailed explanations for the steps illustrated.

- 1. A Person wonders what they can do with their property or already has an idea in mind for a project at a specific location. Typical questions they may have are: What is the zoning on my property? Can I put up a six foot wall along my front yard? Can I put this type of business or use at this location?
 - The first thing they should do is to go to the Los Angeles Department of Building & Safety (LADBS) to check the zoning regulations on the property, to discuss the project with LADBS staff, and to apply for the necessary building permits.
- 2. At the LADBS public counter, the proposed project is reviewed to determine whether or not it meets all of the zoning regulations.
 - If it conforms to all of the zoning regulations, the applicant has their plans approved by LADBS and a building permit is issued. This is called "by right development" where the applicant has the right to build or use their property if all of the zoning requirements of the property are met.
 - If it doesn't conform to the zoning regulations or requires approval by the Department of City Planning (Planning), LADBS will instruct the applicant to go to Planning to apply for the necessary land use permits (entitlements).

- A. Once an applicant received a building permit, they can go ahead with their project. No public hearing or further discretionary approvals are required.
- 3. At the Planning public counter, the project is reviewed to determine which type of land use permit (entitlement) the applicant must apply for to have their project considered for approval, the application procedure is explained, and the application form is distributed. After the applicant completes the application form, they return to the Planning public counter to submit their application package.
 - In order to inform certified Neighborhood Councils at the earliest time, a convenient list of new applications for land use permits (entitlements) that have been accepted for review will be emailed every two weeks.
- 4. For most projects a public hearing is required. When a public hearing is required, a public hearing notice is mailed out to the appropriate parties. The hearing notice is also mailed to the certified Neighborhood Council within which the project is located. At the public hearing, any individual or community group including a Neighborhood Council has the right to speak on the proposed project. Written comments are also accepted per the instructions on the hearing notice. Depending on the required action, the project is reviewed by the appropriate decision-maker.
- 5. After considering all public testimony and Planning staff recommendations, the decision maker will make a decision (determination) on the proposed project. The determination will either approve the project as is, approve the project with conditions or deny the project. Once a determination is issued, it can be appealed. A Neighborhood Council is an entity of the City of Los Angeles and therefore cannot directly appeal a determination.
 - If the determination is appealed, it is heard by an appeal body. The appeal requires a separate public hearing. The appeal body will then issue their decision on the project. After all appeal efforts have been exhausted, the decision becomes final.
 - If the determination is not appealed, the original decision becomes final.
- 6. After a project is approved, the applicant must return to LADBS to obtain necessary building permits.

Type 47, 48 and 57 licensees may cater alcoholic beverages at any ABC-approved location in the State. Type 51 and 52 licensees may only cater alcoholic beverages at their licensed premises. All licensees wishing to cater alcoholic beverages must obtain prior written authorization from the Department for each event. At all approved events, the licensee may exercise only those privileges authorized by the licensee's license and shall comply with all provisions of the ABC Act pertaining to the conduct of on-sale premises and violation of those provisions may be grounds for suspension or revocation of the licensee's license or permit, or both, as though the violation occurred on the licensed premises. (Section 23399 and Rule 60.5 California Code of Regulations)

EVENT AUTHORIZATION - (Form ABC-218) Authorizes Type 41, 42, 47, 48, 49, 57, 75 and 78 licensees to sell beer, wine and distilled spirits for consumption on property adjacent to the licensed premises and owned or under the control of the licensee. This property shall be secured and controlled by the licensee and not visible to the general public. *The licensee shall obtain prior approval of the local law enforcement agency*. At all approved events, the licensee may exercise only those privileges authorized by the licensee's license and shall comply with all provisions of the ABC Act pertaining to the conduct of on-sale premises (including any license conditions) and violations of those provisions may be grounds for suspension or revocation of the licensee's license or permit, or both, as though the violation occurred on the licensed premises. (Section 23399)

WINE SALES EVENT PERMIT - (Form ABC-239) Authorizes Type 02 licensees to sell bottled wine produced by the winegrower for consumption off the premises where sold and only at fairs, festivals or cultural events sponsored by designated tax exempt organizations. The licensee must notify the city and/or county where the event is being held and obtain approval from ABC for each event (Form ABC-222). The licensee must also comply with all restrictions listed in Business and Professions Code Section 23399.6.

Note:

- 1. "Minor" means any person under 21 years of age.
- 2. Consult Section 25663(b) regarding age of employees in off-sale premises; consult Sections 25663(a) and 25663.5 regarding age of employees in on-sale premises.
- 3. In certain situations, ABC may place reasonable conditions upon a license, such as restrictions as to hours of sale, employment of designated persons, display of signs, restrictions on entertainment or dancing, etc. If a license has been conditioned, it will be endorsed as such on the face of the license. (Conditional licenses, Sections 23800-23805.)

- 4. Licensees whose license allows minors on the premises may have a "house policy" restricting minors from entering certain areas of the premises or prohibiting minors in the premises during certain hours.
- 5. This handout contains only abbreviated information. Contact your local ABC office for full information before doing anything which may jeopardize your license. Also available from the ABC: Quick Summary of Selected ABC Laws (form ABC-608); Alcoholic Beverage Control Act (complete laws); Rules & Regulations; and P-90 (describes privileges of non-retail licenses).
