Faraday bags are an option of how to store your key fob to prevent ‘relay theft’ (a method used to steal cars with keyless entry technology). There also has been an increase in mail theft (especially with stimulus checks/tax season around the corner) the best way to fix this problem is to get a mail box with a lock or register online to receive notifications of when your mail gets delivered so it isn’t on the street long.

Officer Brian Oliver stated that they are working on an issue at a hostel on Martel. At 7070 Franklin a new owner takes possession later this month and anticipates it being 14 month project.

SLO Brian White stated that they had significant weekend with protests. With various anniversaries coming up in the future there is a plan in place for how to best handle protests, large gatherings, riots etc. He also stated that here has been some party house activity and but most of it is moving west towards Beverly Crest/Bel Air.

Public Comment: Michael Konik & Keith Nakata

- b) A resolution to be adopted by the HHWNC Board as a letter from President Anastasia Mann & First Vice President Orrin Feldman to Samantha Millman on 3/18/2021.

**Motion:** TO APPROVE sending the following letter to the president of the LA Planning Commission, Ms. Samantha Millman, co-signed by HHWNC President and First Vice President:

Ms. Samantha Millman  
President, City Planning Commission  
201 N. Figueroa Street  
Los Angeles, CA 90012

Dear Ms. Millman:

HHWNC is the largest certified Neighborhood Council in the City of Los Angeles. At HHWNC's monthly board meeting held last night, March 17th, the following motion was adopted by a vote of X to Y.

It is well-known that HHWNC's huge area encompasses many diverse communities stretching between the borders of "Downtown Hollywood" to West Hollywood to Studio City to Burbank.

On February 18, 2021 at a public meeting, your CPC Commissioners mischaracterized areas within HHWNC boundaries. Our HHWNC boundaries include much more diversity than several of your commissioners alleged to the public as well as fellow Commissioners. Those comments struck many participants and stakeholders as racial and/or racist stereotyping, ageist, anti-historical preservation and, to some who have a long memory, as sour grapes, and gripes for one Commissioner, David Ambroz, who had lost an election some years ago to represent the Sunset/Spaulding Square Area 7 portion on HHWNC's board. This very portion, also known as Corridor 5, was the actual subject of discussion.

HHWNC's volunteer Board is elected, not hand selected, and open to all qualified Stakeholders. HHWNC's Board membership has been diverse since HHWNC's 2002 founding. The various seated Boards and Area Stakeholders have worked tirelessly for twelve years now with the City's Planning Department and different CD4 representatives to make the Hollywood Community

Plan Updates 1 and 2 reflect the neighborhoods' desires for preservation, while still encouraging appropriate growth.

Any observation of the multiple buildings along La Brea south of Franklin Avenue clearly illustrates a portion of the massive development that has occurred within our borders. HHWNC has never objected to a development that has guaranteed the protection of residents being evicted and provided with appropriate compensation and TRULY affordable housing options. Sadly, this has not been the case. Instead of creating new "affordable" housing, many of these "projects" were diverted to small hotels in Hollywood, some of which have become AirBNBs, and all leaving many of our stakeholders homeless.

A particular location in which HHWNC has supported appropriate growth is on the Sunset Boulevard Corridor, which is a narrow commercial strip running down the middle in between two large Historic Preservation Overlay Districts to the South and North of the boulevard. HHWNC's support for the two-block project underway at 7400/7500 Sunset Boulevard is a good example where HHWNC has supported appropriate growth.

HHWNC requests and urges the City Planning Commission to revisit the aforementioned Sunset Boulevard Corridor 5 issues and adopt the Planning Department's staff current recommendations as appropriate for the narrow corridor running in between the two HPOZs. The Sunset Boulevard Corridor 5 issue(s) should be considered in the context of what the proposed plan is, which is "a community plan". The CPC Commissioners comments on February 18th that Corridor 5 height limitations and FARs should be increased to support "the regional center" in the core downtown Hollywood area would undercut the HCPU2 draft's goal of preserving a good balance of future growth in that corridor with the adjacent HPOZs.

HHWNC urges the City Planning Commission to adopt the Planning Department's staff recommendations in the Hollywood Community Plan Update 2 for Corridors 2 and 5 on Sunset Blvd. as it was presented on February 18th. Those recommendations reflect lengthy in person meetings and discussions between and among several different HHWNC boards, renters, home and condo owners, the local residents' associations, and the department. Those current HCPU2 draft provisions would allow for significant increases in height limitations and FARs on the Sunset Boulevard corridor.

HHWNC also urges the City Planning Commission to direct the Planning Department to release the draft Final Environmental Impact Report so that there can be some transparency as to what is now in, and what is now out of, the HCPU2.

First Vice President Orrin Feldman made the motion, Area 4 Chair Naomi Kobrin 2<sup>nd</sup>. The board discussed.

Area 3 Chair Brian Dyer made a motion to amend adding the language "for Corridors 2 and 5 on Sunset Blvd.", Infrastructure Chair Danielle Mead 2<sup>nd</sup>. The amendment passed 17-0.

The motion passed as amended 18-0.

Public Comment: Cheryl Holland, Annie in Area 3 & Lesley O'Toole-Roque

c) Councilmember Raman re: Planning Commission

**Motion:** HHWNC requests City Council Member Nithya Raman to (i) reconsider her position with regard to whether the height limitations on the Sunset Boulevard Corridor should be removed, (ii) continue the conversation and engagement process with HHWNC and the Sunset Boulevard Corridor’s residents and associations, which she committed to doing during her campaign and even during a recent podcast interview, and; (iii) support the Planning Department’s staff recommendations as presented to the City Planning Commission meeting on February 18, 2021.

First Vice President Orrin Feldman made the motion, 2<sup>nd</sup> by Area 7 Chair Lincoln Williamson. The motion passed 17-0.

Public Comment: Cheryl Holland & Annie from Area 3

- a) Board Member Reimbursements -- None
- b) Approve November Monthly Expenditure Report

**Motion:** The Board of the Hollywood Hills West NC approves the February 2021 Monthly Expenditure Report submitted by Treasurer Matt Shichtman.

Friends of Gardner (tax ID: 27-3697347) is dedicated to supporting Gardener Street Elementary School (“Gardner”), a K-5 LAUSD public school, located in Council District 4, and Hollywood Hills West Neighborhood Council Area 7.

The ukulele instruments will be purchased from West Music, a large wholesaler of musical instruments, for approximately \$55 each (Makala MK-s Soprano Ukulele). FoG has also received a grant from The Classics for Kids Foundation, which provided \$1,900, and together with the proposed NPG, the school will have approximately 80 instruments. There would then be sufficient instruments to provide to each fourth and fifth grade student. The instruments would be checked out to students during the school year, and returned to the school during the summer break. Gardener’s principal, Karen Hollis, has sent a letter supporting the purchase, distribution, and storage of the instruments during the summer break. Gardner has musical instruction, which will assist students in learning how to play the ukulele.

- e) **Area 2 (Chandan St Clare)**
  - i. NPG Funding for Valley View Elementary

Valley View Elementary is requesting funding to purchase 13 iPads at a total cost of \$5,000 to replace the ones the teachers are currently using. The iPads are essential to the teachers in delivering daily instruction to the students, whether it be at home through virtual instruction, or in person at school. Teachers are also expected to complete student assessments consistently throughout the year, that can only be done on a touch device. The iPads the teachers are currently using were purchased over 5 years ago and the school's IT liaison has confirmed that they will need to be replaced as soon as possible.

Valley View Elementary is not a Title I school; therefore they have limited school funds and greatly rely on support from the community. A letter of support and appreciation from the PTA at Valley View Elementary is attached to this agenda.

Speaker: Susan Kim, Principal – Valley View Elementary

**Motion:** HHWNC approve a Neighborhood Purpose Grant of \$5000 for Valley View Elementary to purchase 13 iPads for the teachers at the school.

President Anastasia Mann made the motion, Area 6 Chair Mary Yarber 2<sup>nd</sup>. The motion was approved 18-0.

ii. **NPG Funding for LAFD Fire Station 76**

There are six firefighters at every shift and this totals 18 individuals who reside at the fire station for at least half of the week; all of whom who need the ability to store their food and supplies without taking space from another shift. During the past year with all the events that took place, from the pandemic and civil unrest, to the inevitable yearly brush fires, the firefighters found out the hard way that their current food storage system is greatly lacking.

The Neighborhood Purpose Grant will enable Fire Station 76 to purchase two large commercial refrigerators and a freezer to correct this situation and help preserve food and supplies for all members assigned to the station. This in turn will help the station function more efficiently, improve working conditions, and allow the firefighters to continue to serve the community without additional stress.

Speaker: Alfred Leon, Captain, -LAFD Fire Station 76

**Motion:** HHWNC approve a Neighborhood Purpose Grant of \$4612.01 for LAFD Fire Station 76 to install two commercial refrigerators and a freezer to meet the needs of the station.

President Anastasia Mann made the motion, 2<sup>nd</sup> by Outreach Chair Kyle Naumovski. The motion passed 18-0.

Dear Hollywood Hills West Neighborhood Council,

I am writing on behalf of the Valley View Elementary PTA in support of our Principal Kim's request for funding the purchase of iPads.

We have worked with HHWNC for years to the benefit of all in the Valley View Community. Your continued generosity will enable our Teachers to reach a wide age range of students with student-centered differentiated instruction. There are many ways an iPad can enhance the education experience, with features of portability, customization, flexibility. Moreover, as we remodel into the next mode of instruction, these tools will help facilitate a smoother transition, for both the Teachers and the Students. Your contribution makes it possible for us to, as best we can, plan for the challenges coming to our community.

On behalf of the Board, Association and, above all the students of Valley View, thank you for investing in our future.

Sincerely,

Lita E. R. O'Donnell  
VVE PTA President, 2019 - 2021
