- 1) Area 9 - Mulholland Drive between Multiview & Wrightwood. Drag racing

11. Committee Reports

a) Public Safety (Paul Jenkins)

- i. Currently, our pedestrian signals (push-button crosswalks) are operating on timers. This was begun at the beginning of the Pandemic out of a concern that touch was a primary mode of transmission. Touch is no longer considered a primary way of spreading the virus. As discussed by the Dept. of Transportation in previous meetings, Los Angeles has one of the best algorithm-controlled traffic light systems in the world. This helps to speed up traffic, and most important, lower our carbon emissions.

Motion: HHWNC requests that the Department of Transportation restores the pedestrian push-buttons back to their intended use. The request will go directly to Seleta Reynolds, GM, LADOT, with a copy to the Mayor's Office and the Council Office.

b) Parks & Open Space (Jeffery Masino)
