- a) CD4 – Jorge Plascencia (jorge.plascencia@lacity.org) & Mehmet Berker (Mehmet.berker@lacity.org), Office of Councilmember Nithya Raman. Jorge Plascencia shared that shelters in the district have reopened after the winter Covid surge. New resources have allowed them to bring 60 people indoors. This information can also be found in the district newsletters. In Hollywood the office was able to house 27 people from the underpass of the 101 and Cahuenga using the Care Plus team which removed unoccupied tents and graffiti. This effort has been done through the Encampments to Home project, which was funded in council. The next area to be addressed is Sunset and Martel and then the Wilcox triangle and surrounding areas for homeless individuals. The district received a grant of \$1.7 million from the governor's office to house at least 60 people living in or around the LA River in the district. Explored ways to make it easier for churches to create shelter spaces on their land. The office is supporting state legislation to streamline permitting for street vendors. The office has hired a Deputy Chief of Staff Jeff Thompson. The office will be having a neighborhood support day providing support with driver's licenses, medical assistance, showers, haircuts, and clothing to homeless individuals.

Mehmet Berker shared that the office is continuing their working group meetings regarding the Barham work. The LADWP team is halfway done and moving away from Lakeside Plaza and they're closer to Coyote Canyon. The Lake Hollywood sidewalk work is 35% complete. They are almost complete with the west side and will then move to the east side. The office has been told that they anticipate another 1 ½ months to 2 months to complete the entire project on Lake Hollywood Dr by the tanks. The office has been able to get Mulholland from Laurel Canyon to Wrightwood on the resurfacing schedule and will happen in April. The office has worked with the owner of the Highland and Franklin lot, that's been an area of concern for area 4, and they've installed some rosemary bushes and drip irrigation. They have also been able to the bike lane on Cahuenga from Odin to Franklin has been resurfaced and restriped. LA Marathon is Sunday March 20 so remember street closures beginning as early as 2 am. More info www.LAMarathon.com. The route will go down Hollywood to Sunset.

- b) Mayor's Office, Central Area NC Rep, Serepia Kim (Serapia.kim@lacity.org); Angie Aramayo (angie.aramayo@lacity.org). Serepia Kim reminded attendees again about the LA Marathon and information can be found on the website. Targets enforcement of bus only lanes began March 14 which means it's illegal to park or stop in bus lanes during posted times. The week of March 14, LADOT will only issue written warnings for violations. Any violators may receive a citation or have their vehicle towed in accordance with the municipal code. Please watch for enforcement and posted signs. Emergency vehicles, right turn or cyclist can use the bus only lanes. April 22 is Earth Day and April 29 is the 150th Anniversary of Arbor Day. If your neighborhood council or any other groups would like to collaborate on a sustainability related event, project or meeting please e-mail for support or resources. Some examples of projects can be tree adoption, or locations where you would like to see more trees planted and taken care of by the city, we can discuss specifics.
- c) NoHo, Officer Kurtis Delbar (38887@lapd.online). Officer Delbar provided statistics for the southeast part of the North Hollywood division. There has been a 30% decrease in robberies, 6% increase in aggravated assaults, 47% increase in grand theft autos, 18% decrease in burglaries from motor vehicles and 46% increase in vehicle thefts. These stats cover 2021 to 2022. Grand theft autos are a little concerning. Suggested not leaving keys in the car. Even if just running back inside your home because theft happens quickly. LAPD is working on vacant house issues and especially those on Fredonia. Working with Mehmet in the council office to contact the owner to rectify and minimize issues. Harassing phone calls, identity theft, theft from motor vehicles can be reported through www.LAPDOnline.org. Calls for burglaries or assaults still require in person reports.

- d) Neighborhood Prosecutor, Hollywood Division, Ethan Weaver (Ethan.weaver@lacity.org) has been working with Charlie and Chris on the Outpost. Outpost from Franklin where there have been some encampments. The individuals who were living there had moved and maybe new individuals have come. He will continue working with CD4 and the SLO Sanchez on the issue. The goal is to solve the issues in a non-arrest way. They've been trying to work with the property owner but hasn't made any progress and don't have any legal tools to compel them to take action. They are continuing to try and influence the owner to take action. On the Cahuenga triangle, they are still waiting on budget approval from the CEO's office. Once approved the order will be placed to replace the shrubs and continue working with CD4 on outreach.
- e) LAFD – Chief Armando Hogan (armando.hogan@lacity.org). Chief Hogan currently has his fast response vehicle for the Persons Experiencing Homelessness pilot program in CD4. He's working with the council office to build a better infrastructure. Hopes to have more of a team when they go out with the resources to respond to someone who wants to get off the street or looking for assistance. Looking to create the infrastructure to respond immediately. There were concerns regarding a recent LA Times article regarding an LAFD member. There was no payout. The member was enrolled in the drop program which is a deferred retirement option plan and is city sponsored that LAFD, LAPD and others have an opportunity to participate in. The member was a Chief Deputy at the time who has left the dept and there were some things recognized and not addressed. The concerns may have been raised due to his rank. The dept will have new leadership soon and have new people in those positions. He believes these things won't happen again and people will be held accountable. Lastly with the projects that are happening on Barham, Ledgewood and Mulholland, LAFD is driving these locations looking to ensure they can provide exemplary service.
- f) 3rd Supervisorial District - Rachel Sherrell (rsherrell@bos.lacounty.gov), Fernando Morales (fmorales@bos.lacounty.gov), Office of Supervisor Sheila Kuehl. Rachel Sherrell shared that Covid metrics are declining, and the County Department of Public Health is aligned with the state which has lifted mandatory masking in schools. Masks are encouraged. They are developing triggers and watching closely to make sure that should things change, there are precautions in place. The county is taking applications for contractors interested in partnering with the county for the American rescue plan. Any contractors, small businesses or nonprofits interested in the American Rescue Plan funding should be go to www.ceo.lacounty.gov to find information regarding the application process. There is a small business recovery fund that the county is currently putting together and will share details in May when it's expected to launch.

If you see any in areas around the freeways in your area such as encampments, trash and graffiti please contact the office. Rental assistance will be closing on March 31. The office is having a women's defense event in May.
- h) 50th Assembly District- Josh Kurpies (josh.kurpies@asm.ca.gov), Office of Assemblyman Richard Bloom. Josh Kurpies shared that masks are no longer required indoors in California with a few exceptions. The exceptions are transit stations, terminals and airports, healthcare facilities emergency shelters, jails, prisons, homes shelters and long-term care facilities. Masks are strongly encouraged especially in K-12 schools and childcare facilities. February 18 was the last date to introduce legislation and he's expecting a list of all the of Assemblymember Bloom's bills on the website in the next couple weeks. MOTION: In order to ensure that Runyon Cyn park remains an urban wilderness area park, the HHWNC requests that the Los Angeles Rec & Parks advocate, via a motion to the LA Parks Commission, a restriction / prohibition on Park Vending within Runyon Canyon Park, based on the provisions of LA City Ordinance 185900, specifically that 1) vending restrictions are directly related to objective health, safety or welfare concerns for parkgoers (vending activities often literally block emergency egress, ingress); 2) they are *necessary to ensure the public's use and enjoyment of natural resources* and recreational opportunities which would be impacted without them; 3) that these restrictions are necessary to prevent an undue concentration of commercial activity that *unreasonably interferes with the scenic and natural character of the Park*. 4) that vending restrictions follow the 1986 Runyon Canyon Master Plan and Design Guidelines requiring the park be foremost a place for a wilderness experience. This motion is made with the support of the Los Angeles City Department of Recreation and Parks.

Neighborhood Purposes Grants

Neighborhood Purposes Grants (NPGs) provide NCs opportunities to develop partnerships with local 501(c)(3) nonprofits and public schools to build community and enhance neighborhoods in the City of Los Angeles. Projects and activities supported by NPGs vary widely and can include, but are not limited to:

- The Arts
- Beautification
- Community Support
- Education
- Community Improvements

NPG-funded projects and activities must be for a **public benefit** and purpose, **open**, **accessible**, and **free of charge** to stakeholders.

Grants approved by NCs exceeding \$5,000 involve further review and possible City contract by the Office of the City Clerk.

Visit the NC Funding Program website page on NPGs ([click here](#)) to find out more details about how 501(c)(3) nonprofits and public schools serving NC areas can apply. There are two NPG Information Packets; One for prospective applicants to help guide them in the application process, and one for NC board members outlining considerations and factors to keep in mind while evaluating NPG requests.

A "Project Completion Report" template is also provided to help ensure accountability in the use of Grant funds and help demonstrate how NCs and their partners are supporting L.A. communities and stakeholders. NCs and NPG recipients are strongly encouraged to work together to complete and submit the Report at the conclusion of the project.

Any questions you may have with the NPG process, please contact us at the NC Funding Program:

SECTION II - PROJECT DESCRIPTION

4) Please describe the purpose and intent of the grant.

Rescues Rock is a community based Animal Welfare, Education and Rescue organization that serves Hollywood. Hollywood Hills, West Hollywood and the East Valley. Headquartered in Laurel Canyon, Rescues Rock seeks an NPG to help build out our low cost vaccine, spay & neuter clinics. We also seek funds to prepare our Kitten Critical Nursery and Puppy Programs for spring/summer 2022. Because Rescues Rock's focus is on providing veterinary care, rehab and rehoming for major medical cases taken in from our local municipal shelters, we often need to replace items due to infectious diseases, such as calicivirus, panleukopenia, ringworm, parvo and distemper.

5) How will this grant be used to primarily support or serve a public purpose and benefit the public at-large. (Grants cannot be used as rewards or prizes for individuals)

Rescues Rock is working hard to make sure that all of the pandemic pups out there in our community are getting the vaccines they need to keep them healthy...and alive... and to thwart the further spread of disease.

Rescues Rock will ensure that all animals vaccinated also become licensed at our vaccine clinics. We will also be offering low cost spay and neuter clinics to the community at large.

The current veterinary crisis has resulted in long waits to get into a vet's office for anything non emergency. Vaccines, spay and neuter surgeries are difficult to book and our local pet population is paying the price with rapid spread of completely avoidable viruses, like, parvo, panleuk, calicivirus, influenza and even distemper.

Let's save some animals, together!

Dear Applicant:

We're pleased to tell you we determined you're exempt from federal income tax under Internal Revenue Code (IRC) Section 501(c)(3). Donors can deduct contributions they make to you under IRC Section 170. You're also qualified to receive tax deductible bequests, devises, transfers or gifts under Section 2055, 2106, or 2522. This letter could help resolve questions on your exempt status. Please keep it for your records.

Organizations exempt under IRC Section 501(c)(3) are further classified as either public charities or private foundations. We determined you're a private foundation within the meaning of Section 509(a).

You're required to file Form 990-PF, Return of Private Foundation or Section 4947(a)(1) Trust Treated as Private Foundation, annually, whether or not you have income or activity during the year. If you don't file a required return or notice for three consecutive years, your exempt status will be automatically revoked.

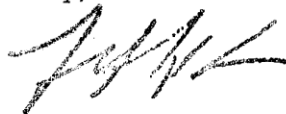

If we indicated at the top of this letter that an addendum applies, the enclosed addendum is an integral part of this letter.

For important information about your responsibilities as a tax-exempt organization, go to www.irs.gov/charities. Enter "4221-PF" in the search bar to view Publication 4221-PF, Compliance Guide for 501(c)(3) Private Foundations, which describes your recordkeeping, reporting, and disclosure requirements.

Neighborhood Purposes Grants

Neighborhood Purposes Grants (NPGs) provide NCs opportunities to develop partnerships with local 501(c)(3) nonprofits and public schools to build community and enhance neighborhoods in the City of Los Angeles. Projects and activities supported by NPGs vary widely and can include, but are not limited to:

- The Arts
- Beautification
- Community Support
- Education
- Community Improvements

NPG-funded projects and activities must be for a **public benefit** and purpose, **open**, **accessible**, and **free of charge** to stakeholders.

Grants approved by NCs exceeding \$5,000 involve further review and possible City contract by the Office of the City Clerk.

Visit the NC Funding Program website page on NPGs ([click here](#)) to find out more details about how 501(c)(3) nonprofits and public schools serving NC areas can apply. There are two NPG Information Packets; One for prospective applicants to help guide them in the application process, and one for NC board members outlining considerations and factors to keep in mind while evaluating NPG requests.

A “Project Completion Report” template is also provided to help ensure accountability in the use of Grant funds and help demonstrate how NCs and their partners are supporting L.A. communities and stakeholders. NCs and NPG recipients are strongly encouraged to work together to complete and submit the Report at the conclusion of the project.

Any questions you may have with the NPG process, please contact us at the NC Funding Program:
